Information Session II: CHEM Options and Capstone (For Student Cohort of 2014/15)

Date: Feb 16th, 2017

Time: 16:15 pm

Venue: Rm 1103

Chemistry Options

Suggested Study Pathway

for B.Sc. in Chemistry (with an Option)

Year 1	Year 2	Year 3	Year 4	
Fall (12):	Fall (17):	Fall (17):	Fall (13):	Instructor's Approval
Gen. Chem. I (2)	Org. I (3)	Fund. An. Chem. (3)	Capstone (3)	required
Gen. Chem. Lab I (1)	Org. Lab (1)	P. Chem. I (3)	Eng (2)	
Calculus I (3)	Inorg. I (3)	An. Chem. Lab (1)	U core (3)	
Science (3)	Inorg. Lab (1)	P. Chem. Lab (1)	Opt. Adv. lab (1)	
Eng. (3)	Math (3)	Science (3)	Opt. Adv. Lab (1)	
	U core (3)	U core (6)	Opt. Chem Electiv	/e (3)
Spring (16):	Eng. (3)			
Gen. Chem. II (3)		Spring (15):	Spring (12):	
Gen. Chem. Lab II (1)	Spring (17):	Inst. Analysis (3)	U core (3)	
Calculus II (3)	Org. II (3)	P. Chem. II (3)	U core (3)	
Eng. (3)	Inorg. II (3)	MC Lab (2)	Opt. Chem Electiv	/e (3)
U core (3)	Syn Lab (2)	Eng. (1)	Opt. Chem Electiv	/e (3)
Science (3)	Computer (3)	U core (3)		
	U. Core (6)	Opt. Chem Elective (3)		

Total: 121 credits

How to get into a CHEM Option?

In Mid-August, 2017 (Course Registration Period for Fall) You MUST submit *Course Enrollment Requests* via SIS for the corresponding <u>Option Lab courses</u>:

- Pure CHEM Option: CHEM 4550 and 4555
- Biomolecular Option: CHEM 4150 and 4155
- Materials Option: CHEM 4250 and 4255
- Env. & An. Option: CHEM 4350 and 4355
- Depending on lab capacity, students might be selected based on their GPA ranking.
- Successful enrollment into the lab courses means you are eligible to fulfill that Option.
- For the other **CHEM Elective courses**, you need to register them by yourself.
- A *Preliminary survey* will be conducted in **MC Lab in April** for estimated enrollment figures.

Capstone Project

CHEM Capstone Courses

• ALL CHEM students (*w or w/o Options*) may choose:

1) CHEM 4689* - Capstone Project

OR 2) CHEM 4691* - Capstone Research I

*Language Co-requisite course: LANG 4012

CHEM 4689 – Capstone Project

- Offered in Fall and Spring only
- Instructor's approval needed prior to course enrollment.
- Randomly assigned supervisor and enrollment semester.
- Course Requirements:
 - (i) Library Workshops (research database, referencing)
 - (ii) Consultation Sessions
 - (iii) Literature Review Report
 - (iv) Oral Presentation
 - (v) Poster Presentation

CHEM 4691 – Capstone Research I

- Offered in Fall, Spring, and Summer.
- Conducted in a **Research lab** under the guidance of **a research faculty supervisor**.
- Declaration of your preferred choice(s) of research supervisors.
- Course Requirements (*tentative only*):

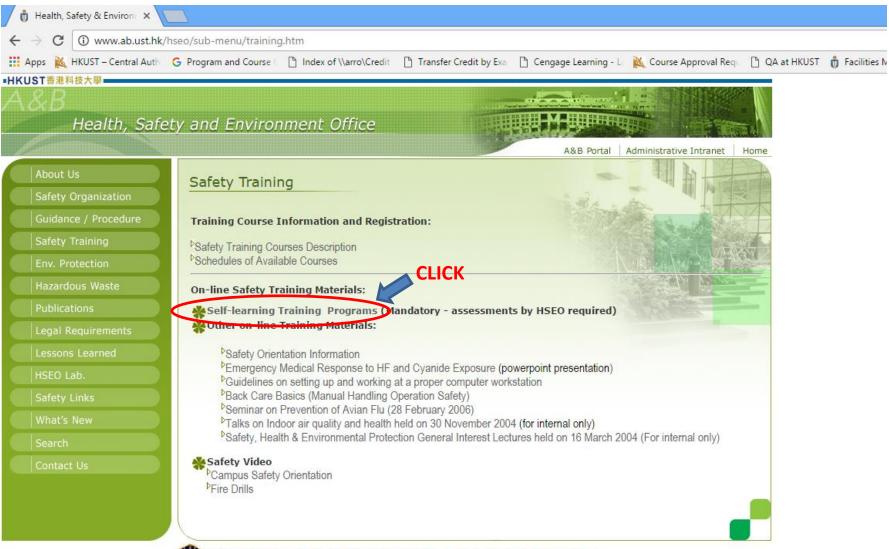

9 hrs per week Lab Participation (50%) Research Thesis (30%) Oral Presentation (20%)

Timeline for Selection of Capstone Projects

Feb - March 2017:

- If you plan to take CHEM 4691 Capstone Research I:
- □ Browse our Departmental Website for the research areas of our faculties.
- Meet with target faculties to learn more about their current research projects.
- **Complete** *On-line Lab Safety Training and Exam from HSEO* (*see next slides*):
 - Go to HSEO website: *http://www.ab.ust.hk/hseo/sub-menu/training.htm*
 - □ MC03 Chemical Safety II
 - MC07 Chemical Safety I
 - □ Send Request to HSEO to arrange for a safety exam.
 - **Complete the Pre-Class Assignment before exam and submit to HSEO staff on the exam date** (download from the Chemistry Departmental Website).
 - Obtain your HSEO Safety Certificates from Ms. Amy Ho in the Chemistry General Office (available 2 – 3 weeks after exam and you will receive e-mail notification for pick-up. For enquiries, please approach Ms. Amy Ho by e-mail: chamyho@ust.hk)

Go to HSEO Website: http://www.ab.ust.hk/hseo/sub-menu/training.htm

    Chemical Safety for Laboratory Users

                                                                                                          IMPORTANT NOTE:

    Pre-class Assignment

                                                                                                               Pre-class Assignment must be completed before the

    Select ONE chemical that you will frequently use. Write down the name of the chemical, and

    how it is used in your work.↓
                                                                                                                exam, and submit it to HSEO staff on exam day.
 ÷
                                                                                                                Download the assignment from Chemistry Departmental
                                                                                                          •
    Get a container of the selected chemical, read the label, and answer the following questions:4/

    What are the major hazards of this chemical (e.g. flammable, toxic, corrosive...etc)?+/

                                                                                                                Website
     <sub>e</sub>J
     2.
        What other specific warnings are found on the container?+J
   On a campus computer, go to the Library webpage, under Databases, search for MSDS, find the
 ٠
     chemical you selected in either one of the Material Safety and Data Sheet (MSDS) databases.
     Then, answer the following questions:+

    List the synonyms of this chemical (see Section 1 or 2).

        What are the major hazards according to the MSDS (Sect 3)?+
    2.
    3.
        What are the first aid measures for inhalation or skin contact (Sect 4)?+
       If the chemical is identified as "flammable", list the flash point, lower explosive limit (LEL)
    4.
        and upper explosive limit (UEL) (Sect 5).4
 ÷,

    List three things you should do in case of a spill of this chemical (Sect 6).

    What are the occupational exposure limits (Sect 8 or 15)?+

    What personal protective equipment is recommended for handling this chemical (Sect 8)?

    List three of the toxicity data for this chemical (Sect 11).

   The "Instant Gloves + CPC database" is located at a Reference Standalone computer on G/F,
 ٠
     (floor plan: http://lbcone.ust.hk/floorplans/floor/view?name=gf&place_id=210); Access Instant
    Glove + CPC Database, and find a glove material that suits the chemical you selected. Record
     the breakthrough time for the chemical to penetrate the glove material.
 e)
 Please bring the completed assignment sheet to the class. This is one of the requirements to pass
 the Chemical Safety Training. If you have any questions about this assignment, please contact
 Mr Pak Ip at Ext 6538 or email sepopcip@ust.hk+
```

The Hong Kong University of Science and Technology Health, Safety and Environment Office

This is to certify that

CHAN I.vi Man

has succes fully completed a course in

Chemical Safety I

on

*attach photocopies of your safety certificates to your Capstone Selection Form

Timeline for Selection of Capstone Projects

Feb - March 2017: Safety Courses and Exams (CHEM 4691 only)

April 13th: deadline for submission of Capstone Projects/Supervisors Selection Form (see next).
 Put down 5 choices: CHEM 4691 with names of research faculty, or CHEM 4689
 Important: Attach photocopies of your HSEO Safety Certificates (for CHEM 4691 only)

The Hong Kong University of Science and Technology Department of Chemistry

Form for Selection of Capstone Projects/Supervisors for Students the BS . Chi-bistry Program (B4201).

This form is to be completed by ALL current Year-3 study "in a demo year 2016-17).

I. <u>Student Particulars</u>

Student Name.	3	h UST Email.	л
Student No	4	Mobile Phone No	л

To fulfill the Chemistry encode ement, students of the 2014-15 cohort may choose from: CHEM4689 - 'Capstone Project' offered in Fall and Spring terms only). OR.

CHEM4691 - 'Capstone Research I' (conducted in a Research Laboratory under the supervision of a research faculty member) (offered in <u>Summer</u>, Fall, and Spring terms).

Please <u>LIST YOUR TOP FIVE CHOICES</u> of Capstone Courses and Supervisors in the table below:.. IMPORTANT NOTES for CHEM 4691 only:..

i. Each Research Faculty Supervisor can only be ranked ONCE (i.e., can only appear once)...

ii. Please indicate your preferred enrollment term (if any) and provide a justification. We will try our best to

accommodate your preference, but no guarantee.

Choice.	CHEM 4689 OR	Research Faculty Supervisor's Name (for CHEM 4691 only).	1
	CHEM 4691		
1 st Choice.	л	л	1
(most preferred).			
2 nd Choice	л	л	1
л			
3 rd Choice.	.1	л]
.1			
4 th Choice.	.1	л]
.1			
5 th Choice.	.1	л]
.1			
Preferred Enrollment Term (if any)		л	1
for CHEM 469	1 only:		
Justification for preferred term:		л]

II. This part is to be completed by students opting for CHEM 4691 only:

Mandatory Safety Courses for Taking CHEM4691 'Capstone Research I': ...

In compliance with University Safety Regulations, students who wish to choose CHEM4691 'Capstone Research I' MUST attend and pass in advance TWO Mandatory Or. The Safety Courses offered by the Health, Safety and Environment Office (HSEO). You are required to <u>attach postor</u>, use of our <u>Safety Certificates</u>* along with this Capstone Declaration Form before submitian. For online safety courses and exam requests, please visit the following link: <u>http://www.cust.hk/seo.sub-menu/training.htm</u>. Detailed instructions can be obtained from the Informatic Sestion wides (Feb 2017) on our Chemistry Departmental Website...

The TWO Mandatory Safety Lou, es & St.

- (i) Chemica Safett / Chemical Safety for Laboratory Users (MC07).
- (ii) Chemical Safety | / Hazardous Waste Management (MC03).
- Important Note: a <u>Pre-Class Assignment</u> must be completed before the Safety Examination day (available from Chemistry Departmental Website)...

Please indicate the examination dates of your Safety Exams below:

Safety Course Code	Examination Date.	л
MC07	л	л
.1		
MC03.1	а	л
л		

* HSEO will send Safety Courses Certificates to the Department of Chemistry after 2 – 3 weeks from the date of examination. You will receive an e-mail notification from Ms. Amy Ho of Chemistry Administration Office when your certificates are ready for pick-up. Please bring along this declaration form (your <u>Examination Dates</u> must be clearly shown) when you pick up your certificates. For inquiries, please approach Ms. Amy Ho of Chemistry Administration Office by email: chamyho@ust.hk **.

Please <u>return the completed Capstone Declaration Form (with photocopies of Safety</u>

<u>Certificates if choosing CHEM4691) in person</u> to Ms. Vera Tang of Chemistry Administration Office by Thursday, 13 April 2017 ***.

Timeline for Selection of Capstone Projects

Feb - March 2017: Safety Courses and Exam (for CHEM 4691 only)

April 13th: Deadline for Declaration Form

Late May 2017: Announcement of Results

Depending on availability, the earliest term to enroll into CHEM 4691 is Summer 2017.
(Note: CHEM 4691 is offered in Summer, Fall & Spring
CHEM 4689 is offered in Fall & Spring only.
