

The Hong Kong University of Science and Technology

Department of Chemistry

Capstone Declaration Form for Students in the BSc. Chemistry Program (B4201)

This form is to be completed by **ALL current Year-3 students** (in Academic Year 2026-27)

I. Student Particulars

<i>Student Name</i>		<i>HKUST Email</i>	
<i>Student No.</i>		<i>Mobile Phone No.</i>	

To fulfill the Chemistry Capstone requirement, students of **the 2024-Cohort** may take either:

CHEM 4689: Capstone Project	<u>Literature Research</u> under a research faculty supervisor	Fall and Spring terms only
CHEM 4691: Capstone Research	<u>Practical Experimental Research</u> conducted in a research laboratory of a research faculty supervisor	Summer, Fall, and Spring terms

Please **LIST YOUR TOP THREE CHOICES** of Capstone Courses and Supervisors in the table below:

- Assignment to CHEM 4689 OR CHEM 4691 is subject to mutual agreement of Faculty and Student concerned. Please browse the research of our Faculty at: <https://chem.hkust.edu.hk/people>
- Each Research Faculty Supervisor can only be ranked ONCE (i.e., can only be listed once).
- You may indicate the capstone course you prefer to take and please indicate your preferred enrollment term (*if any*) and provide a justification. We will try our best to accommodate your preference, but no guarantee.

<i>Choice</i>	<i>Prior Discussion with Faculty: Yes or No</i>	Research Faculty Supervisor's Name
1st Choice (most preferred)		
2nd Choice		
3rd Choice		
Preferred Capstone Course (circle your choice)	CHEM 4689 / CHEM 4691	
Preferred Enrollment Term (<i>if any</i>) (circle your choice)	Summer / Fall / Spring	
Justification for preferred term:		

II. This section is to be completed by students opting for CHEM 4691 only:

Mandatory Chemical Safety Courses for Taking CHEM4691 'Capstone Research I':

In compliance with University Safety Regulations, students who wish to choose CHEM4691 'Capstone Research I' MUST attend and pass in advance TWO Mandatory Online Safety Courses offered by the Health, Safety and Environment Office (HSEO). You are required to attach photocopies of your Safety Certificates* along with this Capstone Declaration Form before submission. For online safety courses and exam requests, please visit the following link: <https://hseo.hkust.edu.hk/safetytraining>

The TWO Mandatory Safety Courses are:

- (i) **Chemical Safety I / Chemical Safety for Laboratory Users** (MC07)
- (ii) **Chemical Safety II / Hazardous Waste Management** (MC03)

- Important Note: a Pre-Class Assignment must be completed before the Safety Examination day (available from Chemistry Departmental Website). *You are strongly advised to write both exams on the same date.*

Please indicate the examination dates of your Safety Exams below:

Safety Course Code	Examination Date
MC07	
MC03	

*** HSEO will send Safety Courses Certificates by pdf file within 2 to 3 weeks to the applicant's email address after the examination date. **Please return your two Safety Courses Certificates with your completed Capstone Course Form.** For inquiries of Safety Courses, please approach Mr. Ming CHOW of Chemistry Administration Office by email: ccming@ust.hk ***

Please return the completed Capstone Declaration Form (with printed copies of Safety Courses Certificates if applicable) in person to Chemistry Administration Office Room 4512, 4/F, Lifts 25/26 OR by return your completed Form (soft copies) by e-mail to Ms. Vera Tang at chvera@ust.hk **no later than Friday, 16 April 2027** ***
